## DISPENSE-RITE

### STL-2 Series In-counter Adjustable Cup Dispensers

DISPENSE-RITE's STL-2 Series of One-Size-Fits-All in-counter cup dispensers are the only dispensers you will need for a complete range of paper, plastic and foam cup sizes. With simple and fast adjustment, these dispensers accommodate a large variety of 8 oz. - 44 oz. cups and containers with rim diameters ranging from 3-1/8" - 4-1/2".

DISPENSE-RITE's precision adjustment mechanism, combined with a calibrated compression spring, ensures one at a time dispensing in horizontal, angled or vertical mounting positions. Innovative design allows the dispenser to be adjusted without removing from the counter.

Quality ABS plastic construction with a no-jam design provides years of dispensing reliability. The integrated mounting collar fully supports the dispenser in horizontal, angled or vertical mounting positions; no additional support is necessary. All models are NSF listed.

Standard models have a 22" under-counter length. All models with a "S" designation in the part number have a 17" under-counter length.

All built-in models with a "F" spring designation are designed for use with foam cups in any mounting position or paper or plastic cups in a horizontal mounting position.

All built-in models with a "P" spring designation are designed for use with paper or plastic cups in vertical or angled mounting positions.
