

## Syrup and Airpot Racks

RACK6 - Syrup Rack

Airpot Wire Racks

Welded wire racks are an economical solution to a cluttered coffee service. Wire racks are light weight, inexpensive and easily cleaned.

Stack more than one wire rack side by side if you need more space than one rack provides.

Model	Description	Features	Cost Ea
RACK6	Syrup Rack	This product is designed to hold up to six bottles of syrup of the brand you prefer. The rack is made out of wire and is narrow designed to fit next to your espresso machine. With it being narrow this allows to save counter space.
